OLD BUSINESS:

· Review Month End Financial Reports

Vond Hall, County Administrator, presented the Board with month-end and mid-year financial reports for their review. He further presented a fund summary report showing that even with the increased revenue due to sales tax, we have only spent \$38K less than what was brought in. This is largely attributed to the amount needed for kids in custody this year. So far this year we have spent \$275K for kids in custody, last year it was \$274K for the whole year. Mr. Hall indicated that this is because many are not IV-E eligible and therefore cannot receive federal reimbursements to offset the costs. This is always a variable in the budget because the number of kids placed in custody cannot be controlled; only reacted to. Mr. Hall further presented a revenue report and a year over year comparison expense report.

He stated that he is making a few changes to the tax budget and will present for their review on Monday for adoption next Thursday.

[9:09:57 AM](#)

· Discuss Change Orders for Senior Center Exterior Vestibule Project

Poggemeyer Design Group submitted 3 change orders for the Senior Center ADA Project: Change Order #3 to decrease the contract by \$313.00 for a reduction in the square footage of concrete sidewalk; and
Change Order #4 to increase the contract by \$929.50; and
Change Order #5 to extend the substantial completion date by 10 days.

Commissioner Barnaby indicated that he is aware that there were troubles in the beginning getting the aluminum needed. Commissioner Genter stated that it was in the original specs. Commissioner Rupp stated that he is ok with the deduct, however his concern is that we did not receive the same credit going back in. He is further not in favor of giving an extension. Mr. Hall stated that the storefront contractor cannot get in there until the 11th and the electrician won't finish until the storefront is done. The landscaping is not finished yet either. Even with the extension it is going to be tight. Commissioner Genter states that he agrees with Perry, however thinks it best to just get the project done.

Resolution 2011-664

Approve Change Orders No. 3, 4, & 5 to Contract 2011-58 with Midwest Contracting for Senior Center ADA Project

Commissioner Genter made the motion to approve the 3 change orders as presented and Commissioner Barnaby seconded the motion. Motion carried unanimously.

2nd Public Hearing on FY2011 CDBG Formula Program

Commissioner Barnaby opened the hearing and turned it over to Steve Brown, Regional Planning Director. Mr. Brown stated that in February the 1st hearing was held on all of the programs and it is required that a 2nd hearing be held on each individual program. He stated that the Ohio Department of Development has confirmed that Fulton County is eligible for \$131K and Wauseon, which is an acquired city, is eligible for \$31K, for a total of \$162K. This is down about \$15K from last year.

He then went through all of the FY2011 Formula Applications:

Village of Lyons – Park Restroom Improvements
CDBG request \$35,000
Village portion \$40,000
Total project cost \$75,000
They currently qualify as LMI and have a valid income survey

Village of Metamora – Playground Equipment
CDBG request \$19,960
Village portion \$ 5,000
Total project cost \$24,960
They currently qualify as LMI and have a valid income survey

Village of Fayette – W. Industrial Parkway Impr
CDBG request \$40,000
ODOD funding \$80,000
Village portion \$93,019
Total project cost \$213,019
The need here is for economic development purposes. Job creation has already started. The village is currently trying to validate their income survey.

Chesterfield Township – Road 16-3 Paving
CDBG request \$54,600
Village portion \$54,600
Total project cost \$109,200
This has already been designated as a CDBG reinvestment area. They are the only township that is more than 51% township wide.

Fulton County – Pleasant View Sanitary Sewer Imp
CDBG request \$100,000
Other \$0
Total project cost \$100,000
The Sanitary Engineer is currently seeking other funding sources also.

City of Wauseon - Acquisition of property/demo
CDBG allocation \$26,000
Other: currently unknown
They are planning to purchase a corner lot south of the NSP Property owned by the county and demo the house. Then a backyard could be negotiated for some back yard space for the county owned property. The city is currently speaking with the landowner. The \$26 will be used for this along with some city RLF dollars.

Mr. Brown stated that the applications are due July 29th in Columbus. Action should be taken within the next week or so to determine funding levels.

He presented a breakdown of the costs:

Fulton County \$131,000
City of Wauseon \$31,000
Total Funds \$162,000

Administration:

Fulton County \$19,500
County Fair Housing \$2,500
City of Wauseon \$4,500
City Fair Housing \$500 (= 17% of funds)

Breakdown of Allocations:

Fulton County \$109,000
City of Wauseon \$26,000
Total \$135,000 (= 83% of funds)
Admin \$27,000
Total Allocation = \$162,000

Commissioner Barnaby asked if anyone would like to speak regarding their application.

Mr. Ken Wysong, Mayor, Village of Metamora – stated that their park has the fields and playgrounds on opposite ends. A concession stand has been put in and the shelter houses and restrooms have all been revamped. He wants to encourage more people to use the park. If they could put some playground equipment on the other end of the park, it would be an asset to the park and to the community.

Ms. Amy Metz, Village Administrator, Village of Fayette – stated that the Board has been very generous in the past when allocating funding. This year they are requesting that the industrial parkway be expanded. This is mostly used by TRW. Widening would offer better traffic flow and possibly attract other businesses to the area. 24 jobs have been created, worth \$717K worth of wages. With a city tax rate of 1.5% of that (\$11K), it can be used toward the project also. The remainder will most likely need to go through Issue II for a small government loan. They are having trouble getting an income survey completed as 40% of their residents are renting and are not as concerned with replying.

Mr. Ziad Musallam, Fulton County Sanitary Engineer – stated that the project will benefit the Pleasant View Wastewater Treatment Plant located in Swancreek Township. This is a waste water treatment plant that was built in the 1970's and due to the age of the facility, the presence of the pond, and the current water quality standards, the facility has not been able to meet it NPDES permit limits. The project calls for the installation of 2 sand filters and removal of the pond. This area serves 63 homes. The project is about \$100K. He has applied for funding through the CDBG Water and Sewer Program which would cover 50% of the project, if certain criteria are met. The other half could be funded through WPCLF at 0% for 20 years. Steve Brown also stated that as the June 30th there are no other projects in line for a county RLF. This may be a consideration also.

Commissioner Barnaby closed the hearing at 10:23 a.m.

He stated they will take time to review and make a decision next week.
